

there is a way to double the amount that we're losing if it is considered a loss but we cannot get it done. I'm the one who does not want the hidden fees, the hidden taxes, but I'm also the one who is willing to lay a fee on those who can pay it and that is the fee that we dare not increase, we dare not increase it. We fiddle around and piddle around with the message plate, with the certificate of registration and I get \$1.00 off. On this reinstatement fee, five lousy dollars, five lousy bucks. But if we would raise this fee on the abstracts by 25 cents, one quarter of a dollar, two dimes and a nickel, three nickels and a dime, we would have \$137,000. When have you had a situation on this floor when I have offered you a way to raise more than a tenth of a million dollars? So easily, so painlessly, and you reject it. You reject it out of hand. There is nothing more I can do than offer that amount. So once again Senator Moore, Senator Kristensen, Senator Hillman joined in this time to bludgeon me into submission. So I am going to support reluctantly this amendment.
